

UBC Faculty of Medicine, MD Undergraduate Program

ASSESSMENT of TEACHER by LEARNER - Large Group Session (Lecture, AHD, Lab)

The MD Undergraduate Program recognizes the importance of high quality teaching for its learners. To continue to improve, we ask you to provide an assessment of your teacher using the form below. The data from your assessment will provide feedback to faculty and it may be used for their academic promotion and/or the assignment of teaching awards. Aggregate data may also inform programmatic improvements.

Your response will be kept strictly anonymous. Please ensure that your submissions are constructive.

*indicates a mandatory response

Table with 7 columns: *CORE TEACHING COMPETENCY The Teacher:, *N/A, Strongly Disagree (1), Disagree (2), Neutral (3), Agree (4), Strongly Agree (5). Rows include: Made clear what I should be able to know/do by the end of the session (objectives), Presented the right amount of content at an appropriate level in a logical and organized way (content), Communicated effectively (communication), Established a learning environment where I felt comfortable participating (learning environment), Engaged me in learning activities that made me think about the subject matter (active engagement), Made clear the relevance of the concepts discussed during the session, to clinical practice (relevance), Stimulated/empowered me to continue learning about the subject matter (continuing professional development).

*Please provide at least one constructive comment on your Teacher's strengths:

Empty text box for constructive comment on strengths.

*Please provide at least one constructive comment on how your Teacher can improve:

Empty text box for constructive comment on improvement.

*Overall

Table with 6 columns: Strongly Disagree (1), Disagree (2), Neutral (3), Agree (4), Strongly Agree (5). Row: Overall, the instructor was an effective teacher.

* N/A – The specific item on the scale does not apply [is unrelated] to the teaching of your required learning experience, therefore you cannot provide comment.
